

REQUEST FOR EXPRESSION OF INTEREST FOR THE PROVISION OF MAIN LINE BLOCK VALVES - REF. 10005402

TOTAL East Africa Midstream B.V. (Company), an Oil and Gas company, invites experienced and reputable Contractors to express their interest in providing Main line Block Valves for the East African Crude Oil Pipeline (EACOP) Project.

The Republic of Uganda, the Uganda National Oil Company (UNOC), the United Republic of Tanzania and/or Tanzania Petroleum Development Corporation (TPDC), as well as other International Oil Companies partaking in the development of Blocks 1, 2 and 3A in the Albertine Graben in Uganda or their affiliates will participate in the implementation of the EACOP Project (Potential Pipeline Participants).

The EACOP Project development involves the engineering, construction, operation and maintenance of a crude oil export pipeline crossing Uganda and Tanzania and an onshore Marine Terminal in Chongoleani, near Tanga Port in Tanzania.

Brief description of the scope of the supply:

The EACOP requirements for the Main Line Block Valves (~80 off) shall include, but will not necessarily be limited to the supply of;

- Full bore piggable carbon steel trunnion mounted vertical stem ball valves in accordance with API 6D, of sizes up to 24" diameter and ANSI/ASME Class 600#,900#,1500#rating
- The valves shall have weld end and flange connections
- Ball valves shall be bolted side entry body type
- Ball valves shall be supplied fitted with motor operated actuators or electro-hydraulic actuators as required

- Valve assemblies can be used for Emergency Shutdown application and partial stroke test facility may be required

The pipeline system will transport crude oil heated to Normal Operating Temperature 63°C and the valves will be thermally insulated. Minimum Operating Temperature 50°C.

The scope will include design, sourcing of material, manufacturing, assembly, packaging, supply of drawings and data, all sub-vendors co-ordination, factory testing, delivery FCA vendor and guarantees.

Minimum Requirements

Companies expressing their interest are invited to document their request with;

- A commitment to and evidence that they have experience in developing local / national content value Confirmation that they can manufacture above listed valves
- An experience list for similar equipment supplied to the Upstream Oil and Gas market in the last five (5) years
- A copy of their own and main suppliers ISO 9001:2015 and 14001:2015 & OHSAS 18001 (ISO45001:2015) current certification
- Extracts from their Supply Quality Management Procedures, showing how material quality control is implemented in the supply chain and identify what positive material identification is implemented through the manufacturing process
- A two (2) years look ahead shop loading charts for the facilities intended to manufacture, assemble and test

Interested companies that meet the minimum requirements and have the capacity to provide the goods listed above should express their interest by sending together with the above listed documents an email to **MLBV@EACOP-PROC.com** (max. email size 20Mb) on or before **17:00 hours East African Time (EAT), on Wednesday 28th November 2018.**

Companies satisfactorily meeting the above minimum requirements will receive, subject to the signature of a Non-Disclosure Agreement (NDA), a detailed pre-qualification questionnaire for further evaluation by Company

Note: Only pre-qualified companies will receive an invitation to submit their bid in furtherance of the Call for Tender process.
