

EAST AFRICAN CRUDE OIL PIPELINE

EXPRESSION OF INTEREST FOR THE MANUFACTURE AND SUPPLY OF LINE PIPES - LSAW PIPES API5L X65 - REFERENCE NO. 10004591

TOTAL East Africa Midstream B.V. (TEAM BV), an Oil and Gas exploration and production company, invites experienced, and reputable Line Pipe Manufacturers that have demonstrable capacity, capability, proven experience, willingness and ability to manufacture and supply LSAW Pipes API 5L X65 for the oil and gas industry.

The EACOP project requires approximately 1550 km of 24" LSAW pipes API 5L, X65, PSL2, sweet service, wall thickness in the range of 10.1 to 17.6 mm, and optional FBE coating. Delivery FOB is base case.

MINIMUM REQUIREMENTS:

- Experience in the manufacture and supply of LSAW Pipes API 5L X65
- Supply of Materials from experienced and reputable sources
- Adequate manufacturing and storage capacity
- Financial capability to undertake the manufacture and supply of the specified pipes
- Robust Quality Management System
- Suitable HSE policy

Interested companies that meet the minimum requirements and have the capability to provide the services listed above, should request a pre-qualification questionnaire by sending an email to: ep.eacop.linepipe.prequal@total.com. **DEADLINE: Tuesday 18th July 2017, 1700 HRS** Kampala Time.

The issue of Pre-qualification Questionnaire to the interested companies will be subject to the signature of a Non Disclosure Agreement (NDA), which shall be issued after Company receives affirmation of willingness to participate.

Note: Only prequalified bidders will receive invitations to submit bids in furtherance of the Call for Tender process.
