

## EAST AFRICAN CRUDE OIL PIPELINE

# REQUEST FOR EXPRESSION OF INTEREST (EOI) SUPPLY OF SPECIALIST UNDERGROUND MAGNETIC LOCATOR EQUIPMENT REFERENCE NO. 10007416

The East African Crude Oil Pipeline (EACOP) project involves the construction and operation of a buried, cross-border pipeline to transport crude oil from the Lake Albert area in Uganda to the eastern coast of Tanzania for export to international markets. The pipeline will run from Kabaale in Hoima District, Uganda to Chongoleani, Tanga Region, in Tanzania.

### BRIEF DESCRIPTION OF THE SCOPE OF THE SERVICES:

TotalEnergies East Africa Midstream B.V. (Company) invites experienced and reputable organizations to express their interest to supply underground magnetic and large loop metal detection locators to the EACOP project in Uganda.

- The supply of handheld thin stick type underground magnetic locators with
  - Audio Output should be switchable; at "A" Signal increases or decreases in volume with gradient-field intensity, at "B" Signal increases or decreases in frequency with gradient-field intensity
  - Digital readout and expanding bar graphs indicate polarity (+ or-) and relative strength of the magnetic field
  - Analog Output, Sensitivity of at least 4 settings, Input Power of standard rechargeable batteries, Battery Life of approximately 40 Hours (intermittent use)
- The supply of large-loop metal detection system with productivity of up to 2.5 ha per day and capable of detecting ferrous and non-ferrous metals and alloys –
  - Must be hand carryable and battery-operated, capable of use on or under water, fitted with a DELAY regulator to exclude the indication of unwanted signals from small metal scrap, designed in a modular concept allowing a cannibalization or component exchange/ interchange without workshop environment or advanced training, have data logger capability.

### MINIMUM REQUIREMENTS:

- Proof of agency / authorised reseller and authorised repair services availability in country
- Experience in the provision of similar services including client references to whom similar services have been provided to.
- Proof of financial capability to undertake the proposed scope of services
- Proof of registration with the Uganda Revenue Authority and Tax Clearance Certificate for the latest year available.
- Proof of Registration on the National Supplier Database maintained by the Petroleum Authority of Uganda for service providers in the Oil and Gas Sector
- Compliance with the Petroleum Midstream National Content Regulations, 2016.

---

Companies interested in providing these services should express their interest via email to [ep.eacop.prequalification@totalenergies.com](mailto:ep.eacop.prequalification@totalenergies.com) together with the required documentation (in English Language) that meets the minimum requirements on or before **16:00** hours East African Time (EAT), **4<sup>th</sup> February 2022** (max. email size 10Mb).

---

**Note: The EACOP project will review and assess the documents provided to derive a list of prequalified companies. Only prequalified companies will receive, subject to signature of a Non-Disclosure Agreement (NDA), an invitation to submit quotations in furtherance of the Request for Quotation process.**
