

## REQUEST FOR EXPRESSION OF INTEREST FOR THE PROVISION OF AIR COMPRESSOR PAKAGES

– REF. 220503

Worley Europe Limited as EPcMC Early Services Contractor for EACOP Project invites experienced and reputable Contractors to express their interest in providing Air Compressor Package for installation at Tanzania - for the East African Crude Oil Pipeline (EACOP) Project.

The Republic of Uganda, the Uganda National Oil Company (UNOC), the United Republic of Tanzania and/or Tanzania Petroleum Development Corporation (TPDC), as well as other international oil companies partaking in the development of Exploration Areas 1, 1A, 2 and Kingfisher Discovery Area in the Albertine Graben in Uganda or their affiliates will participate in the implementation of the EACOP Project (Potential Pipeline Participants).

The EACOP Project development involves the engineering, construction, operation and maintenance of a crude oil export pipeline crossing Uganda and Tanzania and an onshore Marine Terminal in Chongoleani, near Tanga Port in Tanzania.

### BRIEF DESCRIPTION OF THE SCOPE OF THE MATERIALS

The EACOP requirements for the Air Compressor Package (skid mounted) for compressed air requirement. This shall include, but will not be limited to:

- Dry, Oil free screw compressors or integrally geared centrifugal compressors as per datasheet complete with air intake pre filters, inter stage and after coolers (air cooled), moisture separators, coupling, coupling guard, acoustic enclosure, control panel, electrical motor driver and all auxiliaries mounted on common baseplate with all interconnecting piping, electrical and instrumentation etc.
- Wet air receiver with instrumentation, all connections including automatic drain
- Heatless adsorption air dryer (twin cylinder tower, heatless, PSA type)- 1X100% with automatic on-off valve, manual isolation valve, safety relief valve, Silencer complete with all accessories e.g., 2 x 100% Inlet Filter, 2 x 100% After Filter, Control Panel etc. with all the required connections, piping, electrical, Instrumentation and controls
- Dry Air receiver with instrumentation, all connections including manual drain
- Dew Point analyser at outlet
- All on-skid pipework, pipe supports and valves

- Unit Control Panel, all on-skid instrumentation and electrical equipment, cabling, wiring, junction boxes and cable trays Common skid to mount all package equipment, lifting lugs and earthing bosses; larger Skids to include access platform, stairways, ladders as necessary
- Start-up and commissioning spares Inspection & testing – as specified in datasheet
- Documentation.

The scope will include design, sourcing of material, manufacturing, assembly, packaging, supply of drawings and data, all sub-vendors co-ordination, factory testing, delivery FCA vendor and guarantees.

### MINIMUM REQUIREMENTS:

Companies expressing their interest are invited to document their request with:

- A commitment to and evidence that they have experience in developing local / national content value.
- Confirmation that they can manufacture (design / construction / inspection & testing / assembly) air compressor package with (dry oil free air compressor OR integrally geared compressor as per API 672- 5<sup>th</sup> edition) for ISA-7.0.01 air quality as per datasheet.
- An experience list for similar equipment supplied to the Upstream Oil and Gas market in the last five (5) years.
- A copy of their own and main suppliers ISO 9001:2015 and 14001:2015 & OHSAS 18001 (ISO45001:2015) current certification.
- Extracts from their Supply Quality Management Procedures, showing how material quality control is implemented in the supply chain and identify what positive material identification is implemented through the manufacturing process.
- A two (2) years look ahead shop loading charts for the facilities intended to manufacture, assemble and test.
- In plant and site installation works safety record.
- Delivery to schedule record over the previous 2 years.
- In country maintenance support capabilities.

Tanzania (Local Content Requirements):

- Application for registration with the EWURA Local Supplier Service Provider (LSSP) database at the time of the response to this EOI is strongly recommended.
- Compliance with Local Content Regulations, 2017 and Local Company definition.

Interested companies which meet the minimum requirements and have the capacity to provide the goods listed above should express their interest by sending together with the above listed documents an email to [EACOP-supplierinfo@worley.com](mailto:EACOP-supplierinfo@worley.com) (Max. Email Size: 20 MBs & All documents must be submitted in the English language) on or before 17:00 hours East African Time (EAT), on 3<sup>rd</sup> June 2022 .

Companies satisfactorily meeting the above minimum requirements will receive, subject to the signature of a Non-Disclosure Agreement (NDA), a detailed pre-qualification questionnaire for further evaluation by Company.

**EACOP project reserves the right not to consider companies that submit an incomplete dossier.**

**Note:** Only pre-qualified companies will receive an invitation to submit their bid in furtherance of the Call for Tender process.
