

REQUEST FOR EXPRESSION OF INTEREST FOR THE PROVISION OF ENGINEERING, FABRICATION, SUPPLY of Launching Girder and Feeding Trolley

REF ETJ-BB-PR-EI-GEN-LG-0001-00

BESIX Ballast Nedam Limited, the CONTRACTOR for the Engineering, procurement and Construction of the Jetty and Load Out Facilities in the Tanga Bay for the East African Crude Oil Pipeline (EACOP) Project, invites experienced specialist Companies to express their interest for :

Engineering, Fabrication, and Supply of a Launching Girder and a Feeding Trolley.

The Republic of Uganda, the Uganda National Oil Company (UNOC), the United Republic of Tanzania and/or Tanzania Petroleum Development Corporation (TPDC), as well as other international oil companies are partaking in the implementation of the EACOP Project.

As part of EACOP project, the Crude oil will be loaded on vessels via a facility located in the near shore environment of the Indian Ocean. The Facility will be located approximately 2 km offshore from the Marine Storage Terminal site located on the Chongoleani peninsula in front of Tanga Port in Tanzania.

BRIEF DESCRIPTION OF THE SCOPE :

Part of the Jetty shall be constructed with a special self-launching piling equipment (Launching Girder) fitted with a Hammer stand, and a Feeding Trolley.

The Launching Girder will enable to :

- Manipulate, position and drive, within tolerances, piles 1168mm wide and 32.25m long,
- Manipulate, position within tolerances and install crossheads, truss elements of the trestle,
- Cutting, welding, sandblasting and painting,
- Progress with from previous bent to new bent,
- Store office, sanitary and storage containers.

A Trolley that will allow to :

- supply the launching girder of all material and consumable required for the construction activities above mentioned.

A Hammer Stand that can hold Piling hammer, power packs and reel for hammer hoses.

MINIMUM REQUIREMENTS:

Equipment shall be delivered as following :

- Design of equipment in 4 months (M1-M4),
- Procurement and fabrication of equipment in 6 months (M1-M6),
- Pre-assembly and testing at yard Month 6,
- Assembly and commissioning on site Month 9,
- Able to withstand 38 tons of live loads,
- Able to withstand continuous power of 60kW for 11 equipment,
- 24 months warranty.

Companies expressing their interest are invited to document their request with

- Company profile with prove of sufficient financial capabilities and sufficient and capable resources.
- An experience list with relevant supply history / track record showing minimum of five (5) years' experience in execution similar services of required Engineering, fabrication and supply as per international standards common in the Oil and Gas business or comparable market,
- Company's Quality and HSE plans and certification: ISO 9001:2015, ISO 14001:2015, OHSAS 18001 (ISO45001:2018), EN ISO 14732, EN ISO 9006:0-1, ISO 11484, EN ISO 90609-1, EN ISO 10893-8, 10893-11, or equivalent certificates;
- CE marked as per CPR and BS EN 1090 ;
- Compliance with petroleum (local Content) regulation of 2017 and local company definition for Tanzania.
- Proof of registration/application to Local Supplier Service Provider (LSSP) database at the time of submission of the response to this expression of interest is highly recommended.

Interested companies which meet the minimum requirements and have the capacity to provide the services listed above should express their interest by sending together with the above listed documents an email to procurement@bbnjv.com (**Max. Email Size: 20 MBs & All documents must be submitted in the English language**) on or before **6th of July 2022, 12 noon Tanzania Time**,

Companies satisfactorily meeting the above minimum requirements will be evaluated and if selected will be invited, subject to the signature of a Non-Disclosure Agreement (NDA), to participate in the bidding process.

Note: Only pre-qualified companies will receive an invitation to submit their bid in furtherance of the Call for Tender process.
