

# EAST AFRICAN CRUDE OIL PIPELINE

## REQUEST FOR EXPRESSION OF INTEREST: DEVELOPMENT AND IMPLEMENTATION OF EACOP COMMUNITY ROAD SAFETY PROGRAM NO. 00000133

East African Crude Oil Pipeline [EACOP] LTD [“EACOP LTD”] invites experienced and reputable companies to express their interest in providing valuation services to the East African Crude Oil Pipeline [EACOP] Project.

The EACOP Project involves the construction and operation of an underground and cross-border pipeline to transport crude oil for export to international markets. The pipeline will run from Kabaola, Hoima District in Uganda to the Chongoleani peninsula near Tanga in Tanzania. The length of the pipeline is 1,443 km, of which 1,147 km will be in Tanzania.

### BRIF DESCRIPTION OF THE SCOPE OF THE SERVICES

EACOP is seeking an experienced consultant to work closely with EACOP teams to design and implement EACOP’s Community Road Safety in coordination with EACOP’s internal and operational road safety commitments including the EACOP Road Safety Policy. The scope includes

- **Engaging with national, regional and local road safety stakeholders with and on behalf of EACOP**  
The success of the community road safety program will require close engagement with stakeholders. The service provider will engage with road safety stakeholders at all levels, from national government to local communities.
- **In close collaboration with the different EACOP teams, developing and implementing EACOP’s road traffic crash and injury response policy and mechanism**  
Should a road crash or injury occur along the project traffic routes, a quick and effective response will be needed. The service provider will work with the EACOP team to develop a policy and mechanism to respond in such cases.
- **Developing and implementing community road safety activities in communities directly and indirectly impacted by EACOP’s activities targeting the most at risk and vulnerable community stakeholders**  
The project traffic routes will pass through diverse communities - urban and rural, highway and rural roads. The service provider will develop road safety activities targeting different groups of road users - drivers, pedestrians, cyclists, school children, herders, etc.
- **Undertaking road infrastructure safety assessments, audits and making recommendations for improvement and, if requested, designing and implementing the recommendations**  
In some areas, road infrastructure interventions may deliver community safety improvements, for example through the reduction of speeds around schools and areas of pedestrian activity. For stretches of road that are planned for upgrading, the service provider will audit designs and provide recommendations to improve safety. In other areas, the service provider will identify high-risk locations, undertake road safety assessments and prepare designs for improvements. The service provider will work alongside road infrastructure contractors to ensure design recommendations are implemented.
- **Designing and implementing a monitoring and evaluation system in order to understand the impact of the road safety program, and to identifying opportunities for improvements**

The service provider will develop and implement a system for monitoring

road crashes and injuries on the project route and for evaluating the effectiveness of the road safety program.

- **Ad-hoc inputs on road safety such as reviews, training and capacity building and support for media campaigns**  
The EACOP Community Road Safety Program is one part of EACOP’s broader commitment to road safety. The service provider will be requested to provide ad-hoc consultancy advice on areas beyond those listed above, such as driver training, traffic routing and media campaigns.

The EACOP Community Road Safety Program will be implemented along the entire length of the pipeline corridor, as well as along the main roads via Dodoma and Arusha in Tanzania.

Organizations expressing interest must be able to demonstrate significant experience working on similar assignments in East Africa.

### MINIMUM REQUIREMENTS

Companies or organizations expressing their interest are invited to document their request with:

Interested service providers should provide the following information:

- Understanding of Scope of Work (1 page max.)
- Organizational information - relevant experience, capacity and governance (2 pages max.)
- Proposed approach to providing the required services (2 pages max.)
- Valid Business license.
- Proof of registration with the Tanzania Revenue Authority (TRA), BRELA and Tax Clearance Certificate for the latest year available.
- Application for registration with the EWURA Local Supplier Service Provider (LSSP) database at the time of submission of the response to this expression of interest is strongly recommended.
- Compliance with Local Content Regulations, 2017 and Local Company definition.
- Proof of Anti-corruption, Anti-bribery, Compliance and Human Rights policies.

Companies which have the ability, capacity, and resources to implement the activities listed above should express their interest by sending together with the documents stated in the above section through an email to [procurement.tz@eacop.com](mailto:procurement.tz@eacop.com), (max. email size 20Mb) on or before 17:00 hours East African Time (EAT) on or before 2<sup>nd</sup> March 2023. Email object shall be: REQ-00000133\_Development and Implementation of Community Road Safety Program for EACOP Project.

Statements of EOI should be no more than ten (10) to twenty (20) pages long.

All Expression of Interests should be submitted in English language.

Note: Note: EACOP LTD will review and assess the documents provided by companies that have expressed interest in accordance with this EOI and conduct evaluations based on internal criteria to determine which companies will be included in the list of pre-qualified companies. Only the pre-qualified companies will receive, by signing a Non-Disclosure Agreement (NDA), an invitation to bid as a continuation of the call for tender process. EACOP LTD reserves the right at its sole discretion to make the decision to select or reject a company and maintain its decision without having to give reasons to the company concerned.
