

REQUEST FOR EXPRESSION OF INTEREST TO PROVIDE Welding and Coating Inspector Training and Certification - TANZANIA

The East African Crude Oil Pipeline (EACOP) Project is part of the Lake Albert Development. The project is a 1,443km cross-country pipeline development to enable the transport of heavy and waxy crude oil reserves located in the Albertine Graben region in Uganda, to a terminal station in Tanga on the East Coast of Tanzania.

The EACOP SYSTEM is split into three component parts namely Pipeline, Above Ground Installations (AGIs), and the Marine Storage Terminal (MST).

The Construction of the EACOP project requires Quality interventions from EPcMC (Worley), Company (EACOP) as well as the Company Contractors (CPP, DOCG, ISOAF, BBN, Schneider, and their respective Sub-Contractors).

BRIEF DESCRIPTION OF THE SCOPE:

As part of its Scope of Work for the EACOP Project Worley Europe Limited (or its Registered Local Entity) will seek a tender for Internationally Accredited Training for both Welding and Coating Inspectors to Level 1, for personnel located in Tanzania.

Requirements for the services essentially shall include, but not necessarily limited to the supply of:

- 1) Full Training in Country (Tanzania) with Certified (by approved international certifying bodies) Trainers.
- 2) Full Training Facilities with associated special equipment and samples as may be specified by Certifying Bodies where required.
- 3) Full Practical Training as required by Certification Bodies (i.e. NACE, BGAS, AMPP etc.)

- 4) Provision of all Stationery and Learning Materials.
- 5) Full International Accredited Certification route following the completion of the training (May include Attendance Certificates for initial training but Training content and delivery MUST be part of an International Certifying Body process).

Additional Services (if required):

- a) Transportation from Central area to Training Site
- b) Provisions of meals for the duration of the formal Training.
- c) Provision of Exams facility for Certification, including required invigilation and oversight.

MINIMUM REQUIREMENTS:

Companies expressing their interest are invited to document their request with:

- Previous experience certifying Welding and Coatings Inspectors to an Internationally Accredited Standard
- Evidence of executing the training in compliance with all applicable laws and jurisdictions
- Compliance with Petroleum (Local Content) Regulations, 2017 and Local Company definition for Tanzania
- Proof of registration/application to Local Supplier Service Provider (LSSP) database at the time of submission to this expression of interest, is strongly recommended
- A copy of their own and main suppliers ISO 9001:2015 current certification
- Proof of Certifying Body accreditation of main suppliers.

Interested companies which meet the minimum requirements and have the capacity to provide the services listed above should express their interest by sending together with the above listed documents an email to EACOP-supplierinfo@Worley.com (Max. Email Size: 20 MBs & all documents must be submitted in the English language) on or before **17:00 hours East African Time (EAT), on 8th May 2023.**

Companies satisfactorily meeting the above minimum requirements will receive, subject to the signature of a Non-Disclosure Agreement (NDA), a detailed pre-qualification questionnaire for further evaluation by Company.

EACOP project reserves the right not to consider companies that submit an incomplete dossier.

Note: Only pre-qualified companies will receive an invitation to submit their bid in furtherance of the Call for Tender process.
